

Bosveldboerbokklub auction entry form

Rustenburg Boer Goat Auction March 7, 2013 at Rustenburg showground's.

I declare that I am the legal owner of all the goats I enroll for sale during the auction, that I won't sell goats on behalf of another person under my name and that the heart water status of the area where I farm is correct.

As a seller, I declare myself ready for my Bucks to be tested for fertility, by the veterinarian appointed, the day before the auction. No infertile bucks tested at the auction, will be offered.

I further undertake to have a sonar done on all my does, by the appointed veterinarian offered at the auction, the day before the auction. 6 Tooth does and older, who are not certified to be pregnant, will not be offered on auction.

I further undertake to not sell any goats that were not sold during the auction without the intervention of the appointed auctioneer.

I further undertake to not sell any animal culled and /or not auction worthy because it did not meet the stipulated breeding requirements, to a buyer registered at the auction as a buyer, without the intervention of the appointed auctioneer. I agree to the brand of my goats offered for sale during the auction.

I further acknowledge that I am a registered breeder with the SABGA and that my fees are paid up to date.

I undertake to have the goats hereby entered, submitted for judging from 14:00, the day before the auction. All goats will be present at 10:00 on the day before the auction, at the AUCTION KRAAL. I will have sonar and fertility tests done on all my bucks and does by the club's veterinarian at 11:00 on the day before the auction.

I further undertake to enter a doe for each buck entered by myself. I declare that I will have no other animals present on the premises besides the animals entered for the auction.

The entry fee remains payable even if I did not deliver the goats for sale or the goats weren't selected for sale at the auction.

Heart water status of the farm where goats are bred. (Mark with cross where applicable)
